Large Format Porcelain

RADHE
CERAMICS

The World of Luxury

COUNTLESS   APPLICATIONS

Large-sized Porcelains are designed to be transformed tosatisfy the expectations of the architectural and design world. Mainly used for wall applications, they can also be used to cover furnitur

Thin porcelain and its imposing scale make it possible to create distinctive cuts and finishes, opening up an infinite universe of applications.

Heat, stain, frost, scratch and UV resistant, waterproof, highly hygienic, no sealing required, large porcelain is

SIZEABLE   ADVANTAGES

Our large format porcelain stoneware slabs are made using the most modern sintering technologies. The result of this manufacturing method is a compact material that is resistant to chemical products, mould, frost and fire, and can hold its own against stress, wear and tear.

Thin porcelain also offers great flexibility, and ease of cutting, drilling and transport. Comply with Leed requirements Criterion 4.1 regarding recycled contents.

Stain resistance of unglazed matte porcelain

Resistance to chemicals

Fewer joints & high level of precision

Resistant to thermal shocks

Easy to clean

Frost resistance

Easy to install

Bending strength

Easy to cut & drill

Resistance to traffic & wear

Resistant to traffic and wear

White Body

www.radheceramics.com

Stain resistance of unglazed matte porcelain

Resistance to chemicals

Fewer joints & high level of precision

Resistant to thermal shocks

Bending strength

Easy to cut & drill

Resistance to traffic & wear

Resistant to traffic and wear

APUANE
STATUARIO

Formats:
1600x3200MM

Thickness:
12MM | 20MM

Body Type
White Body

Stain resistance of unglazed matte porcelain

Resistance to chemicals

Fewer joints & high level of precision
Resistant to thermal shocks

Bending strength

Easy to cut & drill

Resistance to traffic & wear

Resistant to traffic and wear
